

SPRINGFIELD COLLEGE

Our Mission:

The mission of Springfield College is to educate the whole person in spirit, mind, and body for leadership in service to others.

It starts with Humanics, the age-old Greek ideal of the balanced individual. We believe, as did the ancient Greeks, that a person's emotional, intellectual, and physical lives are interconnected. The Humanics philosophy calls for the education of the whole person—in spirit, mind, and body—for leadership in service to others.

While preparing for a life of helping others, an education at Springfield College will also provide an understanding of how the elements of Humanics work together. It's all about balance.

In more than 60 countries worldwide, Springfield College's more than 45,000 alumni are providing leadership and making a difference—as coaches, corporate CEOs, social workers, authors, medical professionals, athletic trainers, software engineers—and that's just the beginning.
